To Our Friends:

With this Sale we conclude one of the most successful numismatic years in our history. The various departments in our organization give you the following report:

MAIL ORDER DEPARTMENT: This department has filled more orders from new and old collectors than we can ever remember having received before. United States, Foreign and Ancient coins are accurately described by our experts. STACK'S stands behind its guarantee that every coin is genuine. Coins may be sent on approval so that the collector can make his own decision. We would be glad to have your want list.

BROKERAGE DEPARTMENT: Although only several years old this department has quadrupled its clientele. If you have a collection, or important individual coins, you may send them in and we will endeavor to place them for you in the shortest possible time, at your suggested price if it is in line with current market conditions. All you pay is a commission after the items have been sold. The commission is agreed upon with you in advance.

AUCTION DEPARTMENT: This division is one of the most important of our organization's activities. If you have any intention of selling your collection at auction STACK'S invites you to join the group of celebrated collectors who have availed themselves of our facilities. Our charges are extremely fair, and you receive the following exceptional services without additional cost: expert cataloguing; the widest possible publicity through our extensive advertising program; and 5000 or more catalogues distributed to active and important collectors. We enjoy the largest personal attendance of any numismatic auction room. There you have the reasons why a STACK'S Auction Sale is a successful auction sale.

PUBLICATIONS DEPARTMENT: We now have more subscribers to the *Numismatic Review* than we ever anticipated. This scientific journal invites a limited number of collectors each year to join its membership of celebrated readers. It has a roster of internationally distinguished numismatic scholars as contributors. A 2-year subscription for 8 quarterly numbers is $8.00. A list of authoritative numismatic monographs and standard reference guides is also issued under the *Numismatic Review* imprint (and offered to *Review* subscribers at a 20% discount).

JUST STACK'S: We believe that more collectors have visited our offices and showrooms than any other numismatic establishment in the world. Customers who have become friends-by-mail over a period of years head for STACK'S whenever they are in New York City. If you have never visited us may we extend an invitation to you to see and make use of our Numismatic Library (considered one of the finest privately owned), as well as our cabinets of coins of the world. Any of our Staff Members will be at your service, whether your problems are large or small.

The Department Heads of STACK'S, as well as the Senior Members of the firm, join in thanking you for making this a banner year.
